## Game Controls

The default controls are shown here. All references to button selection in this manual refer to the default Controller configuration. You can change the Controller configuration by selecting Controller on the Options menu. Note: Disney's The Lion King: Simba's Mighty Adventure game supports the DUALSHOCK™ analog controller. When the ANALOG mode switch is on, the left stick works the same as the directional buttons.

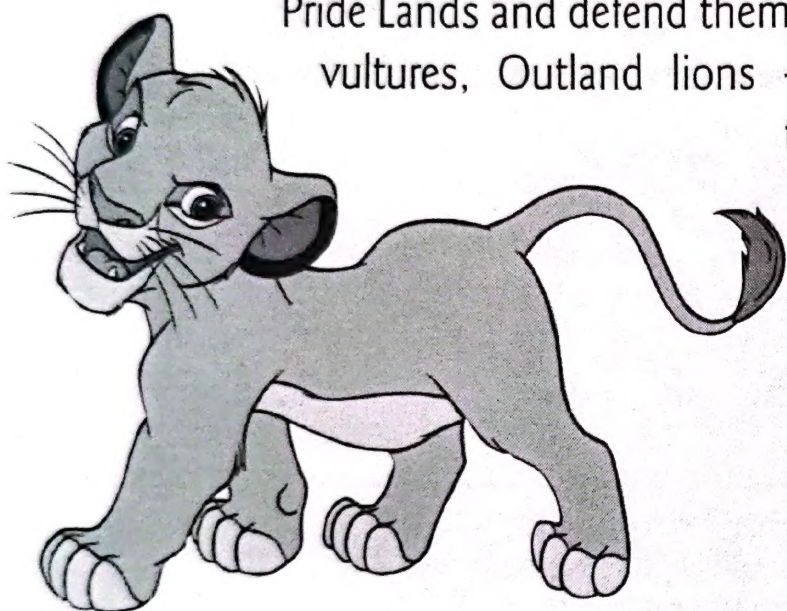

# The Adventures of Simba!

Guide Simba, the brave and loveable lion from the movie *Disney's The Lion King* and *Disney's The Lion King II: Simba's Pride*, on a journey across the African jungles and plains. Although the game begins with Simba as a young cub, he grows to become a powerful adult lion who will rule the

Pride Lands and defend them against enemies such as hyenas, vultures, Outland lions – even Scar himself. On your travels, not only will you learn the skills needed to survive, but you will also learn what it takes to be KING!

# Main Menu

There are three options available on the Main Menu. Press left or right on the directional buttons to make a selection, then press the  button to confirm your selection. To get back to the previous menu from another menu screen, press the  button.

## Game

Select Game to start a new game or load a saved game from a MEMORY CARD.

### ***Play Game***

Select Play Game to start a new game as young Simba.

At first, only the first level, Pride Rock, is open for the user to play – all other levels are “locked” (indicated by a padlock and the word “LOCKED”).

However, as the player progresses through the game, the other levels will be “unlocked” (sequentially) to continue play. A player can choose to play any of the unlocked levels by scrolling up or down with the directional buttons, highlighting the name of the level and pressing the  button.

## Load Game

Select Load Game to play a saved game from a MEMORY CARD.

At the end of each level, the player is given the choice to save their game to a MEMORY CARD. If the MEMORY CARD is inserted into the PlayStation and Load Game is selected, the names of *The Lion King* games on the card are displayed. The player can then scroll up or down using the directional buttons through the list of saved games, highlight the one he or she would like to play and press the (X) button to load that saved game. Note: Saved games will save a player's progress through the current difficulty setting, in addition to any mini-games unlocked so far.

## Options Menu

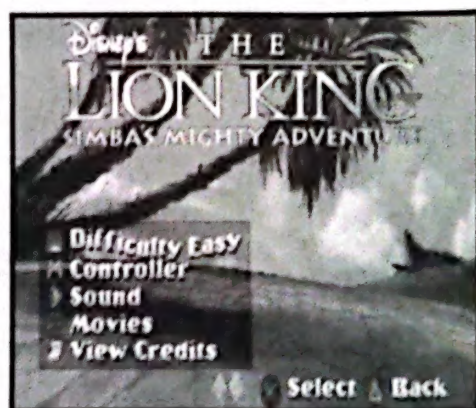

Use the directional buttons up/down to highlight the option you wish to change, then press the (X) button to select an option to change.

### Difficulty

There are three difficulty levels in the game — Easy, Medium, and Hard.

### Controller

You can change the default settings on your controller.

## **Sound**

Use this option to adjust the volume of the sound effects and music, as well as select stereo or mono.

## **Movies**

Go to the movies menu to replay any movies that you have already unlocked. In order to see all of the movies on the list, you'll have to collect all the "SIMBA" letters in every level and finish the entire game!

## **View Credits**

Select this option to see the credits for the game.

## **Mini-Games**

Select Rafiki's to go to Rafiki's tree where you can purchase and play mini-games. Keep in mind that you will not be able to purchase mini-games until you have collected enough gourds in the regular game.

Your current collection of gourds is displayed in the middle of the screen. The cost of each mini-game is displayed to the right of each game. Use the directional buttons to select a mini-game you would like to purchase and press the ⊗ button. If you have enough gourds, the mini-game will be unlocked and can be played at any time from Rafiki's Menu. Pressing the ⊗ button while highlighting an unlocked mini-game will start the game. Mini-games that have a lock next to them cannot be played until they are purchased with the indicated number of gourds.

## **Saving Games**

After you finish each level in the game, you will be given the option to save. You must have a MEMORY CARD inserted into MEMORY CARD slot 1 to save your game.

## **Game Reset**

To abort a game in progress, press the RESET button on the PlayStation. This will replay the opening cinematics and return you to Disney's The Lion King: Simba's Mighty Adventure game title screen.

## **Soft Reset**

You can reset to the Main Menu screen at any time during gameplay by holding down the SELECT button, then pressing and holding the START button.

# Gameplay Screen

## Simba's Health Meter

This indicates the amount of health Simba has left. Once the health meter is reduced to zero, you lose a life.

## Lives

You start each difficulty with three lives. If Simba's Health Meter goes to zero, you lose a life. You can earn more lives by collecting coins. On Easy, it takes 100 coin points, 250 on Medium, and 500 on the Hard difficulty. When all your lives are gone, the game ends.

## Coin Counter

This shows the number of coin points you have collected during the level.

## Letters

When you collect a letter from Simba's name, the screen will show the letters you've collected and the ones that are still missing. Collect all five letters to unlock a bonus movie.

## Checkpoint

Throughout each level, Zazu, Mufasa's bird servant, will be waiting for Simba along the path. When Simba loses a life, he will respawn at the last checkpoint that was triggered.

# Power-Ups

## Coin

You must collect a certain number of coin points in a level in order to complete the level. Each colored coin is worth a different number of coin points. The exact number of coin points the player needs to collect and the value of each colored coin is indicated on the Level Title Screen. The number of coin points you need to collect varies, depending on what difficulty level you are playing. If you do not collect enough points, you must replay the level again. As a bonus, collecting 100 coin points on Easy, 250 on Medium, or 500 on the Hard difficulty setting gives you an extra life.

## Meat

Meat is hard to find. You need it to fill up Simba's Health Meter.

## Gourds

Gourds are Rafiki's favorite food. Collect as many as possible to buy mini-games from Rafiki (in Rafiki's on the Main Menu). You can't play the mini-games unless you collect enough gourds.

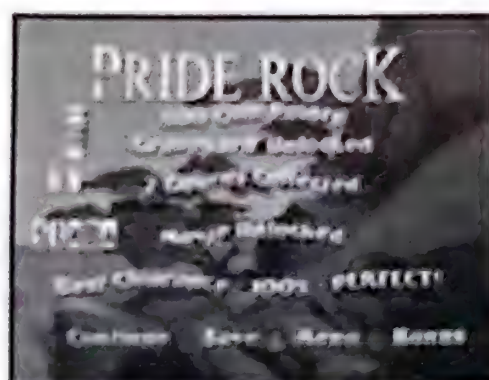

## Letters

Scattered throughout every level are the letters that spell Simba's name. Collect all five letters in a level to unlock a bonus movie.

# Level Completion Screen

The Level Completion Screen is displayed at the end of every level. It shows the total number of coin points, gourds, and letters that you collected during the level, as well as any bonuses you have unlocked. From the Level Completion Screen, press the  button to go to the next level, press the  button to save your game or press the  button to return to the Main Menu. If you have collected both gourds, you can access a Bonus Mini-Game by pressing the  button.

# Levels

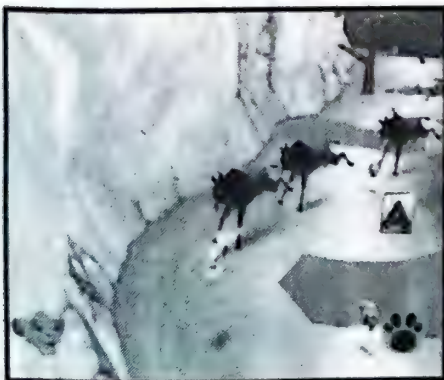

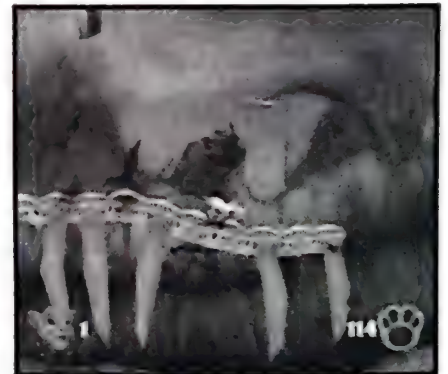

## Pride Rock

It's a hot, sunny morning as Simba begins his adventure up Pride Rock. This is Simba's training ground. Along the way, Nala, Mufasa and Uncle Scar will teach Simba all the moves that he will need to survive in the jungles and plains of Africa.

## Elephant Graveyard

Simba arrives at the Elephant Graveyard, which is full of elephant skulls and bones. He must avoid the evil hyenas and swooping vultures, as well as lava pits and lava fountains!

## Stampede!

Simba must run through a narrow canyon avoiding a herd of stampeding wildebeest. Watch out for deep pits and running foxes while avoiding the crazed herd. Run, Simba, RUN!

## Old Friends

Simba has now matured into an adult lion – complete with his father's mane and powerful roar. He must save Pumbaa from a powerful young lioness that is chasing him – Simba's old friend Nala. Run through the jungle and save Pumbaa from becoming a lioness snack!

## Return of the King

Simba returns to Pride Rock to find it barren and devoid of life – except for the vultures and hyenas. On top of that, lightning has set off fires on the nearby trees. Find and defeat Scar to reclaim your rightful place as KING OF THE PRIDE LANDS!

## Fire!

Simba must navigate his way through fields of fire in order to save Kiara. Simba will need to deal with burning trees and rolling logs along the way. Simba's agility will be put to the test as he tries to prevent his daughter from being burned alive!

## Rhino Chase

Trying to save his daughter from being trampled by a herd of rhinos, Simba finds he's being chased by the angry beasts himself. Keep Simba ahead of the rhino pack, while avoiding deadly pits and frightened foxes along the way. Watch out for those horns!

## Outland Attack

Walking with Kiara's friend Kovu, Simba is ambushed by a horde of hostile Outland lionesses. Simba must make his way out of the Outlands and back to Pride Rock to recover from his wounds. Help Simba escape!

## Climb

The evil Outland lioness Zira wants to take Pride Rock for herself. Simba must jump across dangerous platforms in order to find Zira, as raging floodwaters rush below. Once he finds Zira, they will have to battle it out to see if Simba truly is The Lion King.

# Mini-Games

You can collect gourds throughout the regular game levels and trade them to Rafiki in exchange for opening up the mini-games. Once you have collected enough gourds, simply go to Rafiki's from the Main Menu, select the game you would like to purchase and press the ⊗ button. If you have enough gourds, the game will become unlocked. Once you have purchased a mini-game, you can play it whenever you want (as long as you have loaded the saved game with the mini-game unlocked).

## Bug Catching

Pumbaa and Timon LOVE to eat bugs and want to teach Simba how to catch them. As Pumbaa jumps up and down on the log, move Simba's paw using the left and right directional buttons. Press the ⊗ button to grab a bug. If three bugs get away from Simba, the game is over!

## Rafiki Martial Arts

Hyenas are attacking Rafiki! Help him defeat the group of hyenas using Rafiki's martial arts moves. Use the directional buttons to select the hyena you want to hit and then press the  button. Timing is important. If Rafiki is hit by three hyenas, the game is over.

## Matching Game

This is a picture matching game. There are sixteen stones laid out with pictures of eight Lion King characters on the bottoms of each. It is up to Kiara to match up pairs of pictures. Use the directional buttons to select a stone to turn over and press the  button to reveal the picture beneath. Next, jump to another stone and turn it over to try to find a matching picture. If the pictures do not match, the stones will automatically turn back over. If the pictures match, they will remain up. Try to match all the pairs of pictures before the timer runs out.

## Meerkat Bash

Timon is playing a game of hide n' seek with Pumbaa in some meerkat holes. Pumbaa must try to sit on Timon whenever he pokes out from one of the holes. When Timon sticks out of a hole, use the directional buttons to maneuver Pumbaa over the hole. Once Pumbaa is over the hole, press the ⊗ button to sit on Timon. The more times Pumbaa sits on Timon, the more points he gets. Once the timer is up, the game is over.

## Puzzle Games

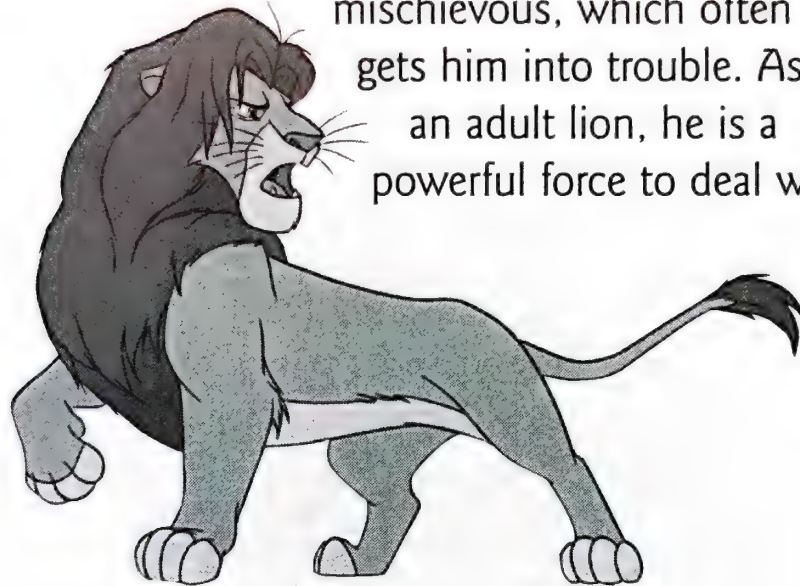

When you complete the game on the Easy difficulty level, seven bonus puzzle games will unlock. If you finish the game on the Medium difficulty level, seven more bonus puzzle games will unlock. To access the Puzzle Games, choose Game from the Main Menu and select Play Puzzle Game. If you are able to complete the game on the Hard difficulty level, you will be rewarded with even more puzzle games!

# Characters

## Simba

Simba is the young lion son of Mufasa, the King of the Lions. Like any lion cub, he is playful and mischievous, which often gets him into trouble. As an adult lion, he is a powerful force to deal with.

## Timon

Timon is Simba and Pumbaa's wise-cracking meerkat friend.

## Pumbaa

Pumbaa is Timon's warthog sidekick and a loyal friend of Simba's.

## Zazu

Zazu is Mufasa's right hand man. Mufasa often has Simba practice his pounce on the defenseless bird... much to Zazu's chagrin.

## Nala

Nala is Simba's childhood friend who eventually becomes his mate. She often enjoys going on adventures with Simba.

## Scar

Simba's Uncle Scar is a selfish and devious old lion. Although he is the brother of Mufasa, he craves the power of the throne – so much so that he would betray Mufasa and Simba for his own desires.

## Zira

Zira is the queen of the evil Outland lionesses. Because their land is so desolate and empty, the Outland lionesses want to invade and take over the Pride Lands.
